

25 ANNUAL 26 REPORT

ACN 008 488 855

President's Note

Dear Members,

On behalf of the Board, I am pleased to present the Canberra Southern Cross Club's Annual Report for the year ended 30 June 2026. The past year has presented significant challenges as the Board and Management have worked to ensure the Club's financial sustainability in an evolving regulatory environment, while continuing to deliver value and an enhanced experience to our members and guests.

In our 54th year of service to members and the Canberra community, our priorities remain focused on planning for the next 50 years, investing in our core facilities, diversifying our income streams and strengthening organisational capability.

Key achievements include the successful opening of Southbound at Tuggeranong; the commencement of construction on our accommodation projects, Section 79 Build-to-Rent and Build-to-Sell; the continued growth of our Health & Wellness portfolio; and an improved financial result.

The ACT Government's Independent Inquiry into the Future of the ACT Clubs Industry acknowledged the valuable role clubs play in our community and supported sustainable diversification ahead of any significant reduction in gaming revenue. Thank you to our communities who contributed to the Inquiry.

We remain committed to supporting the Canberra community through grants, sponsorships, partnerships and in-kind assistance, with community contributions exceeding \$1.5 million this year. In addition, the Club paid \$204,698 to the Gambling Harm Prevention and Mitigation Fund. A full list of recipients is available at <https://www.csccl.com.au/our-community>.

I acknowledge the leadership and commitment of our CEO, Matthew Walshe, his Executive Team and our staff, and congratulate those who achieved significant milestones during the year. I also thank our members for their continued loyalty, and my fellow Board members for their commitment to the Club's enduring success and financial resilience.

While significant challenges remain, I am confident the Club is well positioned to navigate them.

CEO Report

2025/26 was a significant year for the Canberra Southern Cross Club. It was a year of major investment, continued diversification and important progress in building a strong and sustainable future for your Club.

As we celebrate 54 years of service, the Club is supported by 79,457 members. This reflects the connection our members have with the Club, reinforces our position as one of the ACT's largest member-owned organisations and reflects the important place the Canberra Southern Cross Club continues to hold in our community.

The Club recorded a net profit of \$4.21 million for the year (2025: net loss of \$1.35 million). This result includes a significant one-off gain associated with our Build-to-Rent partnership with Community Housing Canberra, an important milestone in our diversification strategy that has strengthened the Club's financial position. It is important to consider this result alongside our underlying operating performance and continued focus on long-term financial sustainability. Our performance is not measured in dollars alone: the Club is a community asset, and many of the services we provide free of charge are not recorded in monetary terms.

One of the highlights of the year was the completion and opening of the Southbound redevelopment at Tuggeranong, one of the most significant investments undertaken by the Club. The redevelopment has transformed the venue and created new spaces, experiences and opportunities for our members and guests.

Southbound - 'Pub in a Club'

I would particularly like to acknowledge the patience and perseverance of our members and staff throughout the construction period. Major renovations are never without disruption, and the overwhelming support we have received since Southbound opened in October 2025 has been incredibly encouraging.

We also reached important milestones at Section 79 Phillip, moving from planning into delivery. The Build-to-Rent transaction with Community Housing Canberra was completed, with construction commencing on the 140-apartment Marlowe development, while the Build-to-Sell transaction with the Raiders Group also progressed towards completion, with construction commencing on both the Orima and Sage buildings.

These projects are an important part of the Board's strategy to diversify our revenue base and strengthen the Club's financial sustainability, creating capacity to continue investing in our venues, services, people and communities for generations of members to come.

Our broader diversification strategy also continued to progress across property, health and wellbeing, and other non-traditional revenue streams. Our Health & Wellness portfolio continued to mature, reaching approximately 6,500 members and delivering positive operating results across all venues.

At the same time, we continued to invest in our existing business, including our facilities, technology and services, with the goal of making the Club more enjoyable to visit and better equipped to meet the changing expectations of our members.

Our commitment to the Canberra community remains at the heart of who we are, and it was particularly pleasing to see this recognised at the 2025 ClubsACT Clubs & Community Awards, where the Club received awards for:

- Arts & Culture: The Art of Connection
- Education, Learning and Development: Learning in Action
- Sustainability & Environment: Cooking Up a Greener Future

These awards are a wonderful recognition of the work being undertaken by our staff and community partners and demonstrate the breadth of the Club's contribution beyond our venues.

The year was not without its challenges. Inflationary pressures, changing consumer behaviour and continued industry and regulatory reform have created a more complex operating environment. Through this, we have remained focused on good governance, effective risk management and the

responsible stewardship of the assets entrusted to us by our members, while continuing to make the investments necessary to secure our future.

I would like to sincerely thank our staff for their professionalism, commitment and hard work throughout a year of considerable change and investment, and particularly acknowledge those who reached significant service milestones. I also thank the Board for their leadership and support during this important period.

Most importantly, I thank our members. Your continued confidence, loyalty and support are the foundation of the Canberra Southern Cross Club. Everything we do is ultimately about ensuring the Club remains a place you are proud to belong to and one that continues to make a meaningful contribution to our community.

With major investments underway, a growing and increasingly diversified business, and a clear focus on our members, our people and our community, we are well placed to build on the progress of the past year. There is much to look forward to, and we are excited about the future of the Canberra Southern Cross Club and what we can continue to achieve together.

Program outline

A vital part of the Canberra Southern Cross Club's ethos is contributing to our community. Every year we provide support to over 260 local community groups, schools, and charities. Our goal is to demonstrate our commitment through the support of local events and activities that benefit the Canberra community as a whole. Community giving has been a central part of what the Club does since its establishment in 1972.

The Club has 5 key programs through which its community purpose contributions are distributed each year. These programs supply both cash and in-kind funding.

1. Community Key Partner Program

The Community Key Partner Program commenced in 2017 with the first Key Partner being Karinya House. Our most recent partner has been the Canberra Yacht Club. The Key Partner received funding in cash and in-kind support each year up to a prescribed amount as determined by the Club.

2. Community Rewards Program

The Community Rewards Program is the program that connects our members to their community with members choosing the amount of cash funding provided to each group. This program is the Club's most diverse program with funding provided to schools, sporting, charitable and not-for-profit organisations.

3. Community Grants Program

The Community Grants Program provides assistance to not-for-profit organisations whose charitable work supports people in Canberra and the surrounding region. The aim of the program is to provide cash funding to assist local community-based organisations which make a valuable contribution to Canberra and the region.

4. Community Welfare Program

The Community Welfare Program provides assistance to local welfare organisations whose work makes a valuable contribution to the people in Canberra and the surrounding region. At the heart of the program is the food welfare program that saw organisations such as St Vinnies Night Patrol and the Woden Youth Centre provide over ten thousand meals last year.

5. Community Sports Program

The Community Sports Program provides support to sporting organisations affiliated with the Club, as well as ten other community-based sporting groups across the region. Through a combination of cash and in-kind contributions, the program assists a diverse range of sports including netball, cricket, football, rugby union, hockey, dragon boating, and triathlon. In alignment with the objectives of Community Purpose Contributions, the program continues to demonstrate a strong commitment to initiatives that enhance participation, visibility, and opportunities for women in sport.

Community engagement

The Canberra Southern Cross Club engages the community in several different formats. Through the Club's website, Members' Magazine and social media channels, this allows the Canberra Community to be kept fully informed of our programs. Each year announcements are made on the website that applications have opened and invite online applications to be made. For existing recipients, these groups also receive direct correspondence from the Club.

Community contributions are reviewed annually through a formal application process, with each applicant required to provide their key objectives, purpose and intended use of the funding.

Community purpose contributions monitoring

All of the Club's programs have clear guidelines regarding community purpose contributions and these are made available on the Club's website. Our program guidelines state all successful applications must use funds in accordance with the provisions in the *Gaming Machine Act 2004* (ACT) and the *Gaming Machine Regulations 2004* (ACT) as amended and in force from time to time.

In addition, applications contain questions that enable the Club to form an opinion as to whether the funds are a community purpose contribution. This process allows the Club to assess each individual application and the intended positive impact the funding will have on the Canberra community.

At the end of the reporting period, recipients of funding are required to complete an acquittal confirming the total amount of funding they received and that the funding was used in accordance with the program guidelines and their application.
